REVITACARE is a French laboratory founded in 2003 with the conviction that “Beauty starts with skin quality”.

Over time, the health of our skin is directly impacted by our lifestyle and external factors. The secret for preserving it is to take care of it as early as possible.

Renowned as a key player in the field of aesthetic medicine thanks to its injectable medical devices, REVITACARE offers highly elaborated formulas combining biotechnologically sourced hyaluronic acids with complexes of specific ingredients to prevent and correct skin aging effects.
